

CLOUDCASE UNO

A Rugged Powerful Easy To Deploy WiFi Solution

POWERFUL RUGGED WIFI IN A BOX

Contained in a rugged portable enclosure, the CloudCase is a rapidly deployed, LTE, WiFi and wired internet connectivity solution, that provides reliable wireless internet & VPN connectivity wherever it is required.

Plug in & Turn On

Complicated installation not required, just plug in and turn on our CloudCase[®] for easy WiFi.

As a completely self contained solution, all the CloudCase[®] needs is a power to provide WiFi.

Mighty Performance

The integrated high gain antennas harness 4G signals and provide strong WiFi signals.

The CloudCase[®] can also be used with our range of super high gain external antennas in very low signal areas.

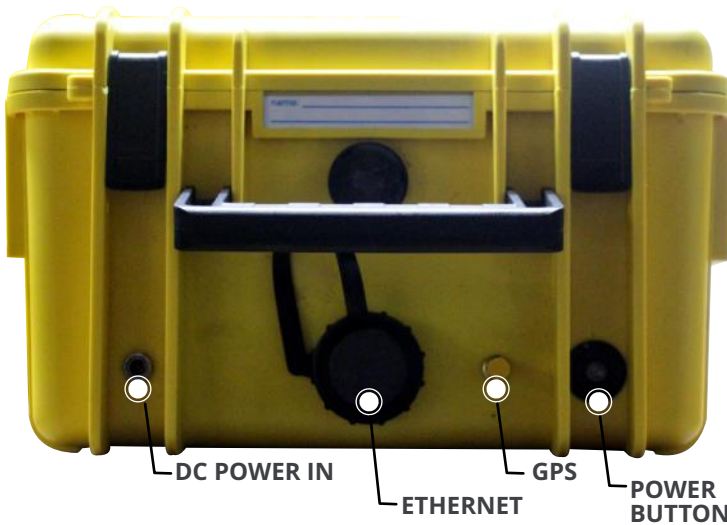

Incredible Support

Industry leading remote support, control, reporting and monitoring capability.

The CloudCase[®] can be managed, monitored and supported remotely by our helpdesk.

Technical features

- Dual SIM 4G/LTE Cellular Enabled Router.
- Assignable WAN or LAN Port for direct wired connection.
- Integrated LTE Mimo , WIFI & GPS Antennas.
- Optional Integrated UPS Battery for uninterrupted use.
- Enterprise grade routing hardware with support for VPN.
- Load balancing of all WAN links possible.
- Robust Rugged Portable Enclosure.

Technical Data

WiFi	2.4Ghz 802.11b/g/n
WAN & LAN Ports	1GbE (RJ45)
Throughput	Upto 100Mbps
Technologies	Internet Load Balancing & Enhanced Session Reliability (Supports VoIP)
DC Power	10-30V DC Input 16W Max (external battery & internal UPS Options)
Weight	3kg
Dimensions	Width 269 mm, height 216 mm, depth 165 mm

The CloudCase[®] is comprised of proven enterprise grade components in a custom enclosure.

Component Certifications: FCC, CE, RoHS, E-Mark, EN 61373:1999 IEC 61373:1999 Shock and Vibration Resistance, EN 61000 Electromagnetic Compatibility.

It's Not Just About The Case

The CloudCase[®] Uno contains an industry leading Pepwave MAX 4G Router - an all metal, enterprise grade, rugged, wireless SD-WAN router.

Proven and in use globally by enterprises, government agencies, banks, emergency services and the entertainment industry, the BR1 is a feature packed wireless cellular router capable of providing reliable connectivity in almost any kind of deployment scenario.
